Featured Projects

Portfolio - iamShah | iamshah.tech

WEB DEVELOPMENT | DEC 2023

Built my personal portfolio website, powered by Next.js, Tailwind CSS, and Framer Motion. Hosted the site on Vercel, available at iamshah.tech. It offers insights into my skills, projects, and professional journey, featuring interactive elements and animations for an engaging user experience.

- Next.js
- Tailwind CSS
- React
- Framer Motion

HomeProtein | homeprotein.vercel.app

WEB DEVELOPMENT | DEC 2023

Developed "HomeProtein," a dynamic Next.js web application using Tailwind CSS for a seamless user interface design. Integrated robust email functionality with Nodemailer for efficient communication, showcasing complete responsiveness and my unique design palette.

- Next.js
- Tailwind CSS
- React

Nike Landing Page | nike-sh.netlify.app

FRONT-END DEVELOPMENT | SEP 2023

Designed and developed a landing page that mimics the style and functionality of a Nike website. Created using ReactJS for dynamic features and Tailwind CSS for rapid and responsive styling, the page offers an immersive user experience, reminiscent of the renowned brand.

- Tailwind CSS
- JavaScript
- React

Flavia - VS Code extension | flavia-theme.vercel.app

WEB DEV & COLOR THEORY | NOV 2023

Developed and published the "Flavia" color theme extension for Visual Studio Code, enhancing the coding experience with a visually appealing and user-friendly interface. Created a dedicated webpage to showcase the Flavia theme.

- Next.js
- VS Code

Experience

Creative Designer - Intern at **Duolearn** (since Nov 2022)

As a Creative Designing Intern at Duolearn, I have been responsible for designing and developing engaging visual content for the company, contributing to the overall branding and user experience.
